

RALLY AGAINST RACISM

APRIL 4
12 PM
FED SQUARE

a group of racists are organising a rally under the banner of "reclaiming Australia". These extreme right wingers are trying to convince Aussies that there is something to fear in different cultures.

This lie is used to divide our communities and we've learned we can't rely on the government or the police to protect us from these haters.

We can only rely on ourselves and each other to stamp this out.

Join us to defend our town.

Let's show them that there's no room for racism in Melbourne.
